

Accommodation & Conveyance

Confused where to stay?

We have anticipated your requirement and have compiled a list of nearby hotels exclusively for 11th IPSC delegates. You may choose one of following self-service options to secure your accommodation.

Please note that January/February is the peak season and many big events are already lined up during those days in Bengaluru. As the time goes by, the availability of hotel rooms will be very low and the hotel room rates will be very high. To avoid last minute hassle and to save cost, we suggest you secure your accommodation well in advance.
