

11th

International Patient Safety Conference 2024

23-24 February 2024 | Bengaluru, INDIA

Theme : "Future of Patient Safety"

PRE-CONFERENCE WORKSHOP | Date : 21st February, 2024 | Venue: Apollo Speciality Hospital, Jayanagar, Bengaluru

ANTIBIOTIC STEWARDSHIP PROGRAM- DESIGN & IMPLEMENTATION

Objectives & Takeaways: Hospital antibiotic stewardship programs are essential to optimize patient care and help combat antimicrobial resistance. Antibiotics have transformed the practice of medicine, making once lethal infections readily treatable and making other medical advances, like cancer chemotherapy and organ transplants, possible. This workshop aims to impart how the optimization of antibiotics is critical to effectively treat infections, protect patients from harm caused by unnecessary antibiotic use, and combat antibiotic resistance. You will also learn how this workshop can help clinicians improve clinical outcomes and minimize harm by improving antibiotic prescribing.

Who can attend : Doctors, Nurses, Pharmacy Staff, Clinical Pharmacologists, Microbiologists, Infection Control Staff, Quality Teams

Pedagogy: Interactive presentations, group discussions, case studies, mock exercises, quiz

SPEAKERS FOR THE WORKSHOP

Dr. Shashank Devapur
Co-Founder &
CEO, Inflexon Healthcare Services
LLP & Inflexon Academy

Dr. Vinay D
Infectious Diseases, Travel
and Adult Vaccine consultant
Apollo Hospitals, Bannerghatta Road

Dr. Jayashree Shivadasan
Sr. Consultant Clinical Microbiology &
Infection Control Officer
Apollo Hospital, Bannerghatta road

Dr. Nandish C
Sr. Clinical Pharmacologist
Apollo Hospitals
Karnataka region

TIME	TOPIC	SPEAKERS
09:00 - 09:30	Workshop Inauguration, Introduction and Overview	All speakers
09:30 - 11:00	Overview of antimicrobial resistance and its global impact. Core elements of AMS programme	Dr Nandish C
11:00 - 11:30	Refreshments	
11:30 - 13:00	Formulations of protocols and policies for antimicrobial stewardship based on antibiogram of the hospital.	Dr. Shashank Devapur
13:00 - 14:00	Importance of antimicrobial stewardship programme - Challenges faced and how it can be overcome. Case scenarios. Does AMS programme help patients?	Dr. Vinay
14:00 - 14:30	Lunch break	
14:30 - 15:30	Diagnostic stewardship, necessity of developing and antibiogram and improving outcomes	Dr. Jayashree S
15:30 - 16:30	Participants - Group discussion on certain case scenarios and their feedback	All speakers
16:30 - 17:00	Monitoring, surveillance and feedback for a successful AMS programme	Dr. Shashank Devapur
17:00	Wrap-up, Certificate Distribution, Group Photograph, Refreshments & Dispersal	Dr Nandish C
