

11th

International Patient Safety Conference 2024

23-24 February 2024 | Bengaluru, INDIA

Theme : "Future of Patient Safety"

PRE-CONFERENCE WORKSHOP | Date : 22nd February, 2024 | Venue: Apollo Hospitals, Bannerghatta Road, Bengaluru

HEALTHCARE ENGINEERING

Objectives & Takeaways: Healthcare Engineering is engineering involved in all aspects of the prevention, diagnosis, treatment, and management of illness, as well as the preservation and improvement of physical and mental health and well-being, through the services offered to humans by the medical and allied health professions. With this workshop, we aim to draw together participants from healthcare and engineering disciplines to identify challenges in healthcare, including effectiveness, safety, and efficiency, that might benefit from a systems engineering perspective.

Who can attend: Hospital Engineers, Facility Maintenance Staff, Biomedical Engineers, Safety Officers, Fire Workers, Quality and Operations Teams

Pedagogy: Interactive presentations, group discussions, case studies, mock exercises
