International Health Dialogue 2026

Break through the noise and elevate your global presence with our curated partnership opportunities at International Health Dialogue 2026 – the definitive platform for global health leaders, policymakers, innovators, and change-makers.

Our partnership offerings are designed to align your brand with thought leadership, innovation, and impact in healthcare. Whether you are looking to showcase your solutions, drive awareness, launch new initiatives, or engage with high-level stakeholders, IHD 2026 offers unmatched visibility and engagement.

Held at Bharat Mandapam, New Delhi, IHD 2025 brought together over 3,400 delegates and 290+ speakers from 40+ countries, including the **Hon'ble Health Minister Shri Jagat Prakash Nadda, Dr. S. Jaishankar, Dr. Jitendra Singh**, and Health ministers from Maldives, Guyana, Eswatini, and Fiji. With the launch of ISHQ, Safe-a-Thon breakthroughs, and sessions on AI, operations, and patient experience, Apollo reaffirmed its leadership in healthcare transformation. We now look ahead to IHD 2026, scheduled for 30–31 January 2026 in Hyderabad.

The theme of the conference is Global Voices. One Vision. It will explore how technologies can transform healthcare, enhance patient safety and quality, and envision the future of healthcare with its challenges and opportunities. The conference will also provide an exceptional opportunity to share views, exchange knowledge and establish research collaborations & networking.

It Primarily Focuses On:

- 🔥 Defining a strategy for patient safety improvement
- 🔥 Imparting technical knowledge on various patient safety areas

The fundamental aim of the conference is to discuss how proactive practices and healthcare systems can improve patient safety.

Every year, this event brings together global thought leaders, industry experts and healthcare practitioners who share their experiences, best practices and new innovative approaches to patient safety.

This year, it will be an ingenious and invigorating conference reflecting the direction of healthcare and patient safety for the future and will focus on the latest and most exciting innovations that will inspire the world.

It is an international platform for presenting plenaries about healthcare and IT, exchanging ideas, and thus contributes to the dissemination of knowledge in healthcare and IT for the benefit of both academia and business.
