

## BIORx GROUP

The **BIORx Venture** is a 14+ year-old investment banking and strategic advisory firm specialising in Healthcare, Life Sciences, MedTech, Digital Health, CleanTech, and allied impact sectors. With a track record of 120+ successful transactions, BIORx delivers specialised services across Equity Fundraising, Investments, M&A, Venture Building, Tech Transfer, IP Valuations and Structured Growth Advisory Solutions.

**Indian Healthcare Angels (IHA)** angel investment platform brings together seasoned CXOs and investors to back early-stage ventures through curated deal flow, rigorous due diligence, and hands-on venture development. IHA has supported 40+ startups to date, guided by a “One Health” philosophy that integrates human, animal, and environmental well-being into its investment approach.

Notable recent angel investment and advisory relationships facilitated by the Group include:

- [Articulus Surgical](#) : Focuses on affordable surgical robotics;
- [Sevamob](#) : An AI-enabled low-cost primary healthcare platform
- [Livofy](#) : An AI-based personalised nutrition and chronic disease management solution.

**VEOCAP Ventures** is the family office of Dr. Vishal Gandhi, investing in visionary founders across HealthTech, AgriTech, EdTech, and ClimateTech. Focused on scalable, sustainable, and market-disruptive innovations aligned with global impact goals, VEOCAP provides capital, strategic mentorship, and access to an extensive network to help startups grow from early traction to scale.

As Partners for the event, BIORx and IHA bring deep early-stage acceleration, advisory, and capital networks, while VEOCAP contributes robust growth-stage investment and strategic support. Together, they form a unified founder-first ecosystem that supports startups from idea to scale.
