

14th EDITION

International Health Dialogue 2027

The Future of *Trust*

📅 29-30 January 2027

📍 The Leela Ambience Gurugram Hotel & Residences, Delhi NCR

A Dialogue That Moves Healthcare Forward

For over a decade, the International Health Dialogue has brought healthcare leaders from India and around the world together for candid, practical exchange centred on patients. Hosted by the Apollo Hospitals Group, the 14th edition turns its attention to trust—the foundation of safe care, meaningful relationships, responsible innovation, and resilient health systems. Delhi NCR, with its distinctive spirit of openness, connection, and exchange, provides a fitting setting to ask: **how do we earn, measure, and keep trust**—in the safety of our care, in our clinicians, in our technology, and in our institutions?

Four Conferences. One Stage.

IPSC

International Patient Safety Conference

Evidence, systems thinking, and frontline practice that make care measurably safer.

HOPE

Healthcare Operations & Patient Experience

Efficient hospital operations shaped around staff experience and patient-centred care.

THIT

Transforming Healthcare with IT

AI, digital health, and data infrastructure deployed responsibly and at scale.

CLINOVATE

Clinical Innovation & Excellence

Specialty-focused discussions advancing clinical excellence, innovation, and patient outcomes.

Who Will You Meet?

- Hospital boards, CEOs & administrators
- Clinicians, nursing & allied health leaders
- Quality, safety & experience teams
- Digital health builders & health-tech founders
- Policymakers, academia & public health bodies

What You Take Home

- Working models you can adapt on Monday morning
- Connections across disciplines and geographies
- A platform for your papers, posters & ideas
- First look at emerging clinical & digital tools
- Awards, competitions & the Safe-A-Thon

Building trust across healthcare

SAFETY • SYSTEMS • TECHNOLOGY • OUTCOMES

The IHD 2027 Experience

Perspectives Across Healthcare

Keynotes, debates, and panels offering practical perspectives from national and international healthcare experts.

Innovation Showcase

Hands-on exhibitions featuring emerging solutions, clinical innovations, and smart-hospital technologies.

Applied Workshops

Practice-first, small-group sessions led by experienced clinicians, operators, and healthcare practitioners.

Present. Compete. Be Recognised.

Present papers and posters, enter the IHD Awards, or tackle meaningful healthcare challenges at the Safe-A-Thon as a team of five.

EXPECTED PARTICIPATION

2,000+

Delegates

200+

Speakers & Experts

30+

Countries

Partner With IHD 2027

IHD 2027 brings healthcare decision-makers, practitioners, innovators, and institutions together for two days of focused exchange. Organisations can participate through exhibition, sponsorship, and programme collaboration.

Exhibit

Present solutions and engage directly with an expected audience of 2,000+ delegates.

Sponsor

Extend your presence through session, programme, and conference partnership opportunities.

Collaborate

Co-create workshops, awards, or research showcases with the conference tracks.

THE FUTURE OF TRUST

Trust is not only a conference topic. It is an outcome healthcare leaders must build, measure, and sustain together.

Plan Your Participation
